Stamford Bridge Football Club Visitor Information

Stamford Bridge Football Club looks forward to welcoming you.

Please confirm which site you will be attending with your Stamford Bridge contact, usually the lead coach.

Location 1: Brown Moor Playing Fields, Roman Avenue South, Stamford Bridge, YO41 1LS
Location 2: Reckondales Playing Fields, Low Catton Road, Stamford Bridge, YO41 1DS
Location 3: Stamford Bridge Sports Pavilion, Low Catton Road, Stamford Bridge, YO41 1DZ

Car Parking, Site Access and Kick-off Times

All locations have designated parking on site. In the rare event that you are unable to park in the designated car parks, please ensure you park safely and consider access requirements for local residents.

Kick-off times and locations are purposely staggered to help manage traffic flow and ensure sufficient parking is available.

Please note that site access gates will not be opened until **9:00am on Saturday** and **10:00am on Sunday**. Arriving before these times may result in vehicles queuing outside the venues and could cause congestion on surrounding roads. Please plan your journey accordingly and do not arrive more than 30 minutes before your allocated kick-off time.

Brown Moor Playing Fields Only

When exiting the Brown Moor site, please **turn left** at the T-junction onto Roman Avenue. This helps avoid oncoming traffic and improves traffic flow around the site.

This route is not signposted and your sat nav may direct you the opposite way. Please follow the instruction above when leaving the site.

Facilities

There are toilets available for use at all sites. There may also be catering available on match days, which your contact will advise on. We take pride in maintaining our pitches and equipment. Please help to keep our sites in good condition by taking any litter home with you. **Dogs are not permitted** on playing areas at any time. If there are any problems with the facilities, please inform the lead coach as soon as possible.

First Aid

All our lead coaches have first aid training and will be around to support in matches and sessions. However, in case of emergencies call 999 as soon as possible. Defibrillators and first aid kits are available at all sites.

The nearest accident and emergency unit is at York hospital (Wiggington Road, Clifton, York YO31 8HE).

Safeguarding

All lead coaches have safeguarding training, and all coaching staff have enhanced DBS clearance. We also have a club appointed welfare officer and mental wellness champion. For more information and contact details please visit the safeguarding page on our website https://www.stamfordbridgefootballclub.co.uk/safeguarding

To ensure children are appropriately supervised, there should be no junior players or accompanying children on any site without the presence of a coach or supervising adult.

Code of Conduct

We want all our players to enjoy playing football and develop their skills. The footballers themselves, coaches and spectators all play a vital role in this.

We follow the FA's Grassroots Code, full details and relevant codes of conduct can be found here https://www.englandfootball.com/participate/behaviour/The-Grassroots-Code

We expect that all spectators of football matches stand behind the respect barrier so that players can receive clear instructions from their coaches and follow the FA's Code of Conduct. An extract of this is below:
